GS1 - OVER 2.5

GS1 e' un selettore Over 2.5 indipendente dagli engine di ranking, progettato per mettere a disposizione un gruppo ristretto di partite affidabili con cui costruire, quando il programma giornaliero lo consente, una schedina da 3 Over 2.5. Combina la frequenza Over storica minima delle due squadre con il peggioramento recente dei gol subiti (DeltaGA). Le ALTA costituiscono il nucleo piu' forte; MEDIA e Near ampliano il bacino quando servono alternative per completare il ticket.
